

Cooperation offer

To promote cooperation with potential partners, the company offers to provide knitting services.
Description of the knitting services of SIA Eco Texture:

1. Meeting, agreement- coherent sample development.
2. The conclusion of the mutually agreed contract for specific period, volumes and deadlines, payment method.
3. Individual attitude to each client, regular communication to achieve the desired goal.
4. Qualitative and timely placed order of the client.
5. Work volume ranging from 50 to 300 products per month, depending on the complexity of the order, the deadline, the preparation/ coordination period.
6. The knitting service is carried out with knitting machines of class 5 and 3 Silver Reed, Brother, Taitexma, which is universal, multifunctional, making high quality knitting and carrying high load, thus, it can carry out extensive work.
7. Logistics- to perform regular delivery of the orders at the location indicated by the client.
8. The delivery and acceptance of each item of goods should be performed based on the invoice, depending on the type specified in the contract.
9. In case of successful cooperation, it is possible to conclude the agreement for the indefinite period by placing regular orders.

Clients

As the company provides knitting services, the clients are clothing manufacturers, their idea providers, which are divided into two categories:

Companies- wholesalers, retailers, designers

Companies- manufacturers ordering products that further distribute final products under their brand (multinational companies).

Companies that develop seasonal collections in their "boutiques."

Designers- individual orders, exclusive models for designer private collections.
